REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Sellmaier et al (US Patent 4444172) discloses at col. 3, line 62- col. 4, line 5, that it is known to multiplex the ion current sensor signals from the ignition of an engine via a single communication line (6). However, this reference is silent regarding how the signals are synchronized. However the reference states that the ion currents are derived from cylinders having no or insignificant overlap.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Erick R. Solis whose telephone number is (703) 308-2651. The examiner can normally be reached on Monday-Thursday.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308-0861.
